## SUMMARY:

A Front-End Developer passionate about creating responsive, user-friendly web applications. Proficient in HTML, CSS, JavaScript, TypeScript, React, Next.js. As a graduate from Brainster's Front-End Academy, I have a strong foundation in API integration and mobile-first design. Known for applying UX/UI principles to deliver clean, intuitive designs. I'm eager to leverage my skills to contribute to impactful projects and continue learning in a front-end developer role.

## PROJECT EXPERIENCE:

Website for Macedonian Association for Human Resources

July 2024 - August 2024

Front-End Developer

(Created a fully functional website using Next.js and Tailwind CSS, with animations powered by Framer Motion. This project emphasized building user-centric features and enhancing performance through server-side data fetching.)

- Developed 10+ pages with reusable components following design system standards and UX/UI best practices.
- Improved performance with server-side data fetching, projecting a 30% decrease in load times and ensuring smoother navigation based on industry benchmarks.
- Implemented filtering functionality on card components across 2 pages using data from a JSON file, enabling users to easily search and navigate through the content.
- Integrated Framer Motion animations on the homepage, enhancing visual appeal with 5+ smooth transitions to improve user engagement.

Hackathon - larger.world

August , 2024

React Developer

(Collaborated in a 48-hour hackathon as part of a 4-member team, creating a single-page application (SPA) with React.js and Material-UI.)

- Collaborated effectively with team of 4 members to implement several static pages with React.js and Material-UI.
- Managed project timelines and responsibilities to ensure completion within the 48-hour timeframe.
- Gained experience in rapid development and teamwork in a high-pressure environment.
- Utilized Git and GitLab for version control and remote collaboration, minimizing conflicts and achieving a 90% reduction in merge conflicts by maintaining an organized branching strategy.

Website for Safeblink

April 2024 - May 2024

Front-End Developer

(Built the Safeblink platform with a focus on secure user authentication, using back-end and responsive design across devices.)

- Built 5+ pages featuring a secure login system and enhanced access control, allowing authorized user interactions..
- Implemented local storage to save user data, enabling a smooth experience upon re-login.
- Prioritized clean design and functionality to create an intuitive user experience, allowing users to earn access to 6+ badges based on their activity on the platform.

## WORK EXPERIENCE:

Design Mentorship Coach

January 2023 - Present

Kic Romansa, Makedonska Kamenica, North Macedonia

(As a Design Mentorship Coach, I supported students in developing their design skills through personalized guidance and hands-on learning. My goal was to nurture creativity and build practical design knowledge for real-world application.)

- Led 30+ workshops on design theory, history, and emerging technologies, receiving positive feedback for clarity and engagement.
- Established a mentorship program pairing 10+ advanced students with beginners, fostering a collaborative learning environment with noticeable skill improvement.
- Maintained regular communication with parents, achieving 90% satisfaction by providing updates on student progress.
- Supported over 50+ students in developing design skills and improving project quality, focusing on hands-on learning and creativity.

## EDUCATION:

Brainster - Academy Graduate

September 2023 - September 2024

Front-End Development at Brainster

Postgraduate Qualification

August 2023 - December 2023

Certificate for pedagogical-psychological and methodological training

University "Goce Delchev" of Stip, North Macedonia

(BFA) Bachelor of Fine Arts in Classical Painting

September 2018 - September 2022

University "Goce Delchev" of Stip, North Macedonia

## SKILLS, TOOLS AND TECHNOLOGIES:

- Front-End Development:** HTML5, CSS3, JavaScript, Bootstrap, TypeScript, React.js, Next.js, Material UI, Chakra UI, Tailwind CSS, SASS/SCSS, Framer Motion, API Integration.
- Design:** UI/UX Design, Wireframing, Visual Design, Responsive Design, Typography, Color Theory, Design Systems.
- Tools and Software:** Adobe Creative Suite (Photoshop, Illustrator, XD), Figma, VS Code, GitHub, GitLab, Vite, Postman.

## LANGUAGES:

- Macedonian:** Native
- Serbian:** Advanced (C1)
- Spanish:** Intermediate (B2)
- English:** Advanced (C1)
